## Calculation of Homestead Tax Rates in FY2016 and FY2017

Average district spending \$14,571 per pupil in FY2016

FY2016 Base Education Amount	Homestead Proper \$14,571 x \$0.99 = \$9,459	\$1.525 <u>\$1</u>	Household Income 14,571 x 1.8% = 2.77% 59,459	Under this method, the base education amount was determined by formula and the homestead tax rates were adjusted to raise sufficient funds.
FY2017 Yields	Homestead Proper \$15,052 x \$1.00 = \$9,870	\$1.525 <u>\$1</u>	Household Income 15,052 x 2.0% = 2.72% 11,065	Under this method, the homestead tax rates are fixed and the yields are adjusted (1) to raise sufficient funds and (2) to increase the median tax bill by the same percentage whether paying on household income or homestead value.
FY2017 FY2016 Change	\$14,571 possible in 3.3% homestea	ease in per pupil spendir n FY2017 at the same nd property tax rate (assi exceeded).
